## RUTHLESSNESS IS DENOUNCED BY SEAMEN'S UNION

(Associated Press by U. S. Naval Communication Service)

**LONDON, Eng., Aug. 19.**—Seamen's Union Delegate Havelock Wilson, addressing a conference of representatives of the seamen's union of the Entente Allies, United States, Holland and Scandinavian countries, declared that "it was not worth while to call on our governments to help us. People in the world must help themselves."

It was proposed that after the war members of the unions represented at the conference refuse to work on ships whereon Germans were sailing, and also a resolution was put before the meeting calling for an international commission to try the perpetrators of U-boat crimes for murdering inoffensive non-combatants.

## AMERICAN AVIATORS BOMB ENEMY POSITIONS

(Associated Press by U. S. Naval Communication Service)

**PARIS, France, August 20.**—American aviators played an important part in the successes of Saturday and dropped 28,000 pounds of explosives on various German establishments well within the enemy lines. All except one, Corporal Willis of Boston, returned safely.

Advices from the front say that those of the American aviation corps who participated in the raids were Lieut. Fuffery of Wallingford, Conn., Adjutant Didier Mason of San Francisco, Corporal Willis of Boston, Senior Instructor Dudley Hill of Peoria, Ill., New York, and Senior Instructor Courtney (Campbell, Jr.) of Kenilworth, Illinois.

**Night Raid Heard**  
Air raids in Belgium were continued yesterday and last night and a report from Sanvange, Holland, says that sounds of terrific bomb explosions were heard last night and indicated that an air raid was being conducted on Selzaete, 12 miles north of Ghent.

**Venice Is Bombed**  
Reports from Rome last night said that the American air forces yesterday conducted an air raid on Venice in which bombs and high explosives were showered on the city and considerable damage was done to the civil hospital and to a number of school buildings.

## HOPE FOR POPE'S PEACE PLAN GOES GLIMMERING

(Associated Press by U. S. Naval Communication Service)

**COPENHAGEN, Denmark, Aug. 20.**—The pope's peace proposals have been dragged into the field of party politics as a subject of contention. Pangerman, the annexationist leader, advocates a "moderate peace."

Despatches from Vienna say that the government is emphatic in its declaration that not a foot of soil can be ceded to Italy by Austria under any peace terms that may be considered or offered. This proposal would be entirely unacceptable.

Beyond this emphatic statement little objection to the pope's proposals are heard in Austria.

From Berlin it is said that General Von Liebert in a speech said: "We cannot sign a peace pact until we have all of the Flanders coast. Economical Europe must be put upon a maritime basis and Germany must dictate that basis. This is not realized now but it will be realized. We must work now and make our preparations for what is to come after the next war."

To this the Vorwaerts replies: "Germany will be so badly beaten that even our pan-Germans will be unable to think by that time that there can ever be another war."

Berlin further says that there is prospect of a meeting of the reichstag committee tomorrow to discuss the pope's peace proposal.

## HEAVY FIGHTING ON WEST ALL IN FAVOR OF ALLIES

(Associated Press by U. S. Naval Communication Service)

**NEW YORK, N. Y., August 20.**—In the Ypres sector, yesterday, following a heavy barrage, an infantry advance was sent forward and took positions along the whole mile front to a depth of more than a quarter of a mile.

Desperate attempts were made by the Teutons to stem the Allied advance and to break their offensive in the Alsne and Verdun sectors. At the latter the British and French aviators played important parts in the defense. They went far behind the German lines and the British downed several and the French 17 German aircraft.

**Kill Own People**  
The Teutons sent death to prisoners of their own nation when they bombed a clearing station within the Allied line. This raid managed to slay by the Allies' air patrol. In the bombardment of the station 10 German prisoners were killed and nine were wounded.

Yesterday the British forces at Gilemont Farm stormed and took a series of Hun trenches. In the Somme sector raiders entered the German lines at Havincourt.

Gen. Haig last night reported from the British headquarters that the losses of the Huns in yesterday's encounters and in the heavy encounters of last week had been enormous.

Violent attacks were undertaken by the Germans against the French trenches at Priest Wood, west of the Meuse, Moselle and points on the Vosges. These were repulsed and enormous losses were inflicted, making the reverses rank as an important German defeat.

## DRAFTERS WHO FAIL TO REPORT ARE DESERTERS

(Associated Press by U. S. Naval Communication Service)

**WASHINGTON, D. C., Aug. 20.**—Pro-Viet Marshal Crowder yesterday again renewed his instructions to the examination boards that in justice to all other classes of the conscripts those who are failing to report to the boards for examination must be brought before them forthwith. Again he called attention to the fact that federal attorneys and federal justices hold the opinion that under the selective draft law, those failing to report for examination or for service might be treated as would be deserters from the army.

## ALLEGED WAITOTARA WAS SUNK BY BOMB

(Associated Press by U. S. Naval Communication Service)

**SAN FRANCISCO, Cal., Aug. 20.**—That a time bomb caused the fire which destroyed the British freighter Waitotara, owned by the Union Steamship Co. of New Zealand, is the assertion of the chief engineer of the vessel.

The Waitotara was one day out of Suva en route to Sydney with a cargo in June when the fire started. A brave but losing fight was made against the flames, but when the freighter was almost a furnace the officers and crew were obliged to take to the boats. They were rescued 48 hours later by the French liner Pacific.

When the former chief engineer of the Waitotara reached here Friday from Sydney, he declared: "The fire had every appearance of having been caused by a time bomb."

## IDAHO GUARDSMEN ROUND UP I. W. W.'S

(Associated Press by U. S. Naval Communication Service)

**SPOKANE, Wash., August 20.**—Industrial conditions in the Northwest are more critical than ever. Yesterday the National Guard of Idaho made arrests of 27 members of the Industrial Workers of the World and last evening Secretary Rowan threatened that the strike would surely begin today unless the arrested men should be promptly discharged from custody this morning.

Maj. Wilkins, who commanded the guardsmen, made a statement last night in which he said: "I acted under general orders that have been given me and had no special authorization for the action taken."

Secretary Rowan said further that the arrest of the I. W. W. members would only intensify the feeling and precipitate the strike. "I think it will spread further now," he said. Only agricultural and construction workers were to have gone out. Arrangements will go on despite the arrests of the officers and their incarceration in jail. Only a vote of the organization can prevent the strike or end it when it begins.

In south Idaho the county forces have been organized to meet the situation.

At Port Angeles, Washington, the I. W. W. headquarters were attacked by guardsmen, the members driven out and the place wrecked.

Violence and disorders in all parts of the Northwest where the I. W. W. have been active are feared for today. Reports reaching here from St. Louis say that there is no hope of averting the proposed railroad strike and that 40,000 men will probably go out today. This was announced on the authority of the Trans-Mississippi

## FRENCH AVIATOR BRINGS DOWN 52ND ENEMY PLANE

(Associated Press by U. S. Naval Communication Service)

**PARIS, France, Aug. 20.**—Aviator Guynemer, the famous French flyer, who has made a record unequalled in the war on any front, yesterday fought and defeated two German flyers, sending each machine flaming to the ground with its aviators and pilot dead. This makes Guynemer's record to date fifty-two victories in the air.

## SLAVS AND RUMANIANS BEAT BACK MANY ATTACKS

(Associated Press by U. S. Naval Communication Service)

**PETROGRAD, Russia, Aug. 20.**—Firm stands by the Russian and Rumanian troops and repulses of practically all Teuton assaults were reported from the various eastern fronts as the results of the fighting yesterday.

Near Strachow, in Vilna, the Teutons launched several heavy attacks which were repulsed, and the enemy, its ranks broken and shattered by the Russian fire, fled in disorder.

South of Grozecht an all-day battle raged between the Russian-Rumanian and the Teuton armies. Attack after attack was launched against the Allied positions and the tide wavered through most of the day but at the end the Teutons were repulsed all along the line.

## M'ADOO PROPOSES BIG BOND ISSUE

(Associated Press by U. S. Naval Communication Service)

**WASHINGTON, D. C., Aug. 20.**—Before the ways and means committee of the house of representatives Saturday afternoon, Secretary of the Treasury McAdoo proposed that in preparing the war budget bill the committee should provide for the issuance of bonds and certificates of indebtedness in the amount of \$11,338,945,460 to meet the needs of the first year of war.

Segregating his figures as to the specific needs of the country Secretary McAdoo said that in addition to the \$7,538,945,460 four per cent taxable bonds which he had recommended to the committee when he was before it on Friday there should be provision for the issuance of two billion dollars of certificates of indebtedness and two billion dollars of war savings certificates which should be in smaller amounts so that they might be available to the small investor. The savings certificates, he said, were planned to provide for any sudden and unexpected demands that might be made upon the treasury.
